# Completing An Order

This is the home screen for normal users, but the following screens and steps are the same for all users and guests of this website. The home screen is where users can search for a book by either its ISBN, author, or title.

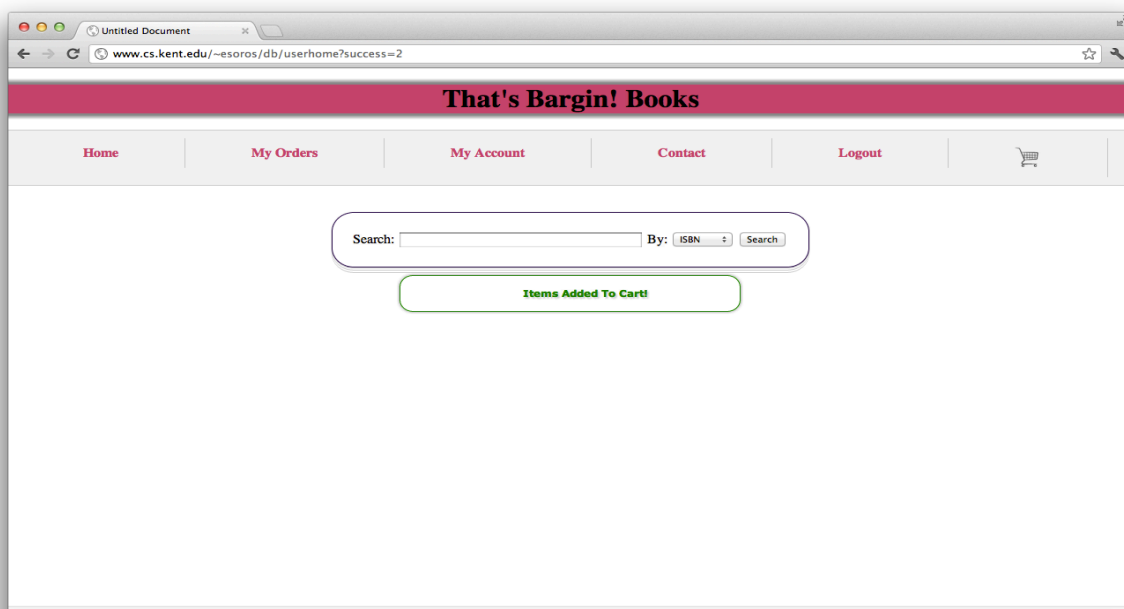

After searching for a book, if any are found, the user will be presented with the following screen, that displays the results in a table.

In order to add an item to the shopping cart, the user must click the check box of the book they want, and use the select box to choose how any they would like to add to their cart.

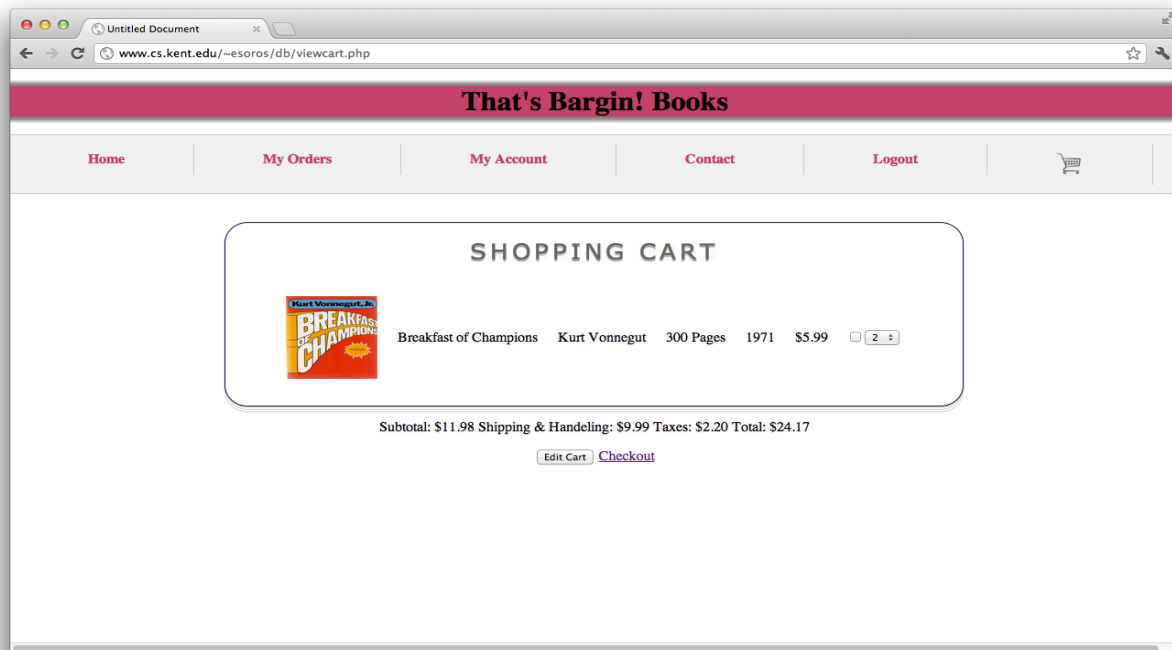

When the user presses the add to cart button, the user will be redirected to the home screen with the following message that tells the user that their action was successful.

In order to view what items are in the shopping cart and checkout, the user must click on the image of the shopping cart on the right side of the navigation bar. The following screen is what the shopping cart looks like. In order to checkout, the user must hit the button to checkout. The

user can also check the box and change the value in the drop down menu to change the number of items in the cart.

When the user hits the checkout button, the following screen is presented, which allows the user to view their order. Also, the shopping cart is emptied, in case they want to continue shopping for items
