# Adding A Book

This is the home screen for an Admin. In order to add a book, the user must first click on the admin tab at the top of the page.

After clicking on the admin tab, the user is presented with the admin tools. To add a book, click the link "add book."

The Add Book tool looks like this. The user must enter a valid 10 or 13 digit ISBN

number (without dashes), a title, price, # pages, publish year, and author. The stock field is how many books are currently in stock, and the book cover is a .jpg file that is used when the book is displayed on the website. The user will be notified if the book was successfully entry into the system, or if a book with the same ISBN is already in the system.

If the book was successfully entered into the store, the user will be presented with the following screen.
